

Rare Old Mountain Dew (traditional) – band notes.

This one was thrown into the mix back in the day when we first put together a smaller, scaled down “pub” show to accommodate some of the different rooms where we were being asked to play. Ed could never remember which song this was so we’d always remind him with “Haven’t eaten very much”. Sing that instead of the diddly diddly stuff in the chorus and you’ll get it...

GW

A great traditional song – a riot to play.
